

Milk Powder

 Typical Analysis (Dry Matter Basis)	
Crude Fat	21%
Crude Protein	12%
Sugar as Sucrose	35%
Moisture	2.5%

FEEDING RATES

- *Millstream Milk Powder is manufactured using surplus ingredients from the production of food grade products. It is not formulated as calf milk replacer and has lower protein, however many farmers are using it in conjunction with calf milk replacers*
- As this product is a by-product, independent nutritional advice should be obtained prior to feeding.

Benefits

- Great value for money relative to formulated Calf Milk Replacers
- Proven track record, with return customers every year.
- Easy to mix in water

Delivery or Collection

- Available in: 20kg bags @ €20 bag
Bulk Bags @ €900/tonne
- Nationwide next day delivery €40 per pallet
- Payment by Cash, Cheque or Card over the phone
